Exodus, from The Self-Interpreting Bible - John Brown

## Exodus, from The Self-Interpreting Bible Rev. John Brown

Contains a history of one hundred and forty-five years, and therein exhibits the fulfilment of God's promises to the patriarchs, in the multiplication of their seed, and their deliverance from bondage in Egypt; and represents the establishment of those laws and ordinances which God required them to observe as memorials of his favours. We have here particularly represented the tyranny of Pharaoh king of Egypt; the cruel bondage and marvellous increase of the Israelites; the birth, education, and exile of Moses; his and his brother Aaron's divine mission to deliver their brethren; the ten plagues inflicted on the Egyptians for refusing to let the Israelites leave their country; and their destruction in the Red Sea; the Hebrews' celebration of the Passover, departure from Egypt, and safe passage through the Red Sea; God's sustenance of them by sweetened water, or water from a flinty rock, and by quails and bread from heaven; his laws relative to the Passover, feast of unleavened bread, firstlings, manna, etc.; his solemn publication of his moral law from mount Sinai; his directions relative to their civil and religious conduct; his entrance into covenant with them; chap. 1-24. his directions concerning the tabernacle and its furniture, and concerning the apparel and consecration of his priests; the Hebrews' idolatrous making and worshipping the golden calf; Moses' intercession for them, and God's gracious reconciliation by means of it; their voluntary contribution for, and actual making and erecting the tabernacle and its whole furniture; chap. 25-40. There are, perhaps, more types of Christ in this than in any other, book in the Bible. - Summary by Introduction
